

**Representatives for Manufacturers' specializing in Engineered Products and Technical Services**

- Power Transformers up to 1000 MVA
- Mobile Substations & Portable Substations
- Substation Field Services
- Transformer Repair
- Instrument Transformers
- HV + MV Substation disconnect switches
- Substation Control Panels, Buildings & Consoles
- DC Power & Charging Systems
- Passive Cooling Battery Chamber
- Power Quality Systems (Statcom/SVC)
- Monitoring Equipment (DGA & Temperature)
- Oil Filtering Systems & Elements
- Medium Voltage Cable & Storage Deployment Solutions
- Battery Energy Storage Systems
- Solar Cells & Panels

**Delta Star Transformers:** VA, CA, & Montreal ~ [www.deltastar.com](http://www.deltastar.com)

- Medium Power Transformers up to 150 MVA & 230kV
- Mobile Substations & Portable Substation Equipment
- Skid-Mount Substations

**Delta Star Field Service:** ~ [www.deltastar.com](http://www.deltastar.com)

- Service to ANY brand, size, and type of transformer.
- Mobile Substation Repair & Reconditioning Transformer Field Service
  - Bushing replacements
  - Relocations
  - Repairs & Preventative Maintenance

**OTC Services:** Louisville, OH ~ [www.otcservices.com](http://www.otcservices.com)

- Transformer Repair up to 100 MVA & 825kV BIL
- Furnace and Rectifier Transformer Repair
- Reconditioning Service - Transformers

**Royal Smit Transformers:** Nijmegen, The Netherlands ~ [www.sgb-smit.com](http://www.sgb-smit.com)

- Large Power Transformers up to 1000 MVA & 765kV
- Autotransformers, GSU Transformers, Three Winding Transformers
- Fixed & Variable Shunt Reactors
- Phase Shifting Transformers

Končar - Instrument Transformers Inc.

**Koncar Instrument Transformers Inc:** Zagreb, Croatia ~ [www.koncar-mjt.hr](http://www.koncar-mjt.hr)

*High quality Instrument Transformers since 1947*

- Current Transformers – Type AGU
- Inductive Voltage Transformers – Type VPU
- Capacitor Voltage Transformers – Type VCU
- Combined Transformers – Type VAU
- Station Service Voltage Transformers – Type VPT

*All the above transformer variants are also available with biodegradable liquid insulation*

**Electrical Technologies and Supply Inc**

16145 Table Mountain Parkway  
Golden, CO, 80403  
303-462-0317

**Find your local representative under the sales tab of our website.**

[www.electrical-technologies.com](http://www.electrical-technologies.com)

Representatives for Manufacturers' specializing in Engineered Products and Technical Services

**MindCore Technologies:** Montreal, Canada ~ [www.mindcoretech.com](http://www.mindcoretech.com)

- HV + MV Substation disconnect switches from 15kV to 800kV (100A to 4000A)
- HV + MV Substation disconnect switches from 38kV to 230kV (5000A)
- Vertical break, double end break, center break, center vee break, hook-sticks & expulsion power fuses
- Motor operator – mechanical control and operation of a disconnect switches.
- Motor operator – Smart grid, intelligent control, 24/7 monitoring of disconnect switches

**Panel-Matic:** Mfr Locations OH, TX, MO, SC – [www.panelmatic.com](http://www.panelmatic.com)

- Substation Control Panels, Buildings & Consoles
- Control Racks, Custom fabricated enclosures
- Maintenance, Installation, Upgrades, and Startup of Control Panels & Buildings
- Line, Distribution, Cap Bank Protection, RTU, Transformer Protection, Bus differentials, Annunciator, Feeder, Metering, Communication, & SCADA/RTU Panels

**BAE Batteries USA/Hindle Power Chargers:** Somerset, WI ~ [www.baebatteriesusa.com](http://www.baebatteriesusa.com)

- Full line of lead-acid batteries, both VLA & VRLA
- DC Charging Systems by Hindle Power
- Substation Battery Racks, Spill Containment & Outdoor Enclosures

**Electrical Technologies Passive Cooling Chamber:** Golden, CO ~ <https://www.electrical-technologies.com/>

- Double to Triple battery life in hot weather
- Fully insulated interior design with R-20 insulation
- Includes two racks that are tiered and draw out for easy maintenance
- Comes standard with a hydrogen venting system
- Standard PCC design for 300 amp/hr battery systems and lower
- Optional Battery Charger cabinet mounted to side of PCC enclosure

**Nidec:** Cinisello Balsamo MI, Italy ~ [www.nidec-industrial.com](http://www.nidec-industrial.com)

- Full Range of Reactive Power Compensation Solutions including SVC's, Statcoms, and D-Statcoms
  - The best shunt dynamic reactive power compensation for improving transmission grid-voltage regulation, power factor/harmonic compensation, and flicker mitigation.

Electrical Technologies and Supply Inc

Representatives for Manufacturers' specializing in Engineered Products and Technical Services

**Advanced Power Technologies**

**Advanced Power Technologies:** Randolph, NJ ~ <https://advpowertech.com/>

- Transforming Temperature Monitoring
- Bushing Monitoring
- Hot Spot Temperature Monitoring
- Fiber Optic Transformer Monitoring
- GIC Monitoring and GIC Core Saturation Detection
- OLTC Monitoring

**Vaisala:** Finland (HQ) / Louisville, CO ~ [www.vaisala.com](http://www.vaisala.com)

- **Vaisala OPT100** – Online Monitor for power transformer multi-gas DGA monitoring - Maintenance-free with no consumable gases
- **MHT410** – Hydrogen, Moisture, and Temperature Monitor – Compatible with all insulation liquids, including silicon oil

**Krin USA:** Big Prairie, OH ~ [www.krinusa.com](http://www.krinusa.com)

- **Oil Filtration Trailers** – Designed for handling and cleaning transformer oil for electric utilities substation maintenance.
- **OPT100 Mobile (In partnership with Vaisala)** – Designed for Mobile Dissolved Gas Analysis (DGA) monitoring, where and when it's needed.
- **Vacuum Distillation Dry Out System** - Designed for de-gassing and drying of substation transformers. Intended for long term use on ENERGIZED and non-energized equipment.

**Amphenol TPC Wire & Cable:** Macedonia, OH ~ [www.tpcwire.com](http://www.tpcwire.com)

*Your single source for medium voltage cable, connector services and storage and deployment solutions.* • *Deep inventory for significantly reduced lead times*

- Extremely flexible Medium Voltage Cables (5kV to 35kV)
- Custom cut lengths with no minimums required
- Terminations by factory-certified installers to provide a plug and play solution
- Storage and Deployment Solutions

**Kore Power/Kore Solutions:** Village Historic District, VT~ <https://korepower.com>

- BESS - Reliable Energy Storage Solutions for micro-grids to grid-scale utilities.
- LFP Cells – Lithium Iron Phosphate
- Customized solutions tailored by project to ensure peak reliability, efficiency, and safety.
- DC block products are scalable systems that can be configured for virtually any application.

**Konark:** Irving, TX ~ <https://konarkinc.com/> (SOLAR PANELS)

- **Mono Facial** – AR Coated tempered glass, anti-reflective module surface, MBB Half-cell technology
- **Bifacial Modules** – PERC cells (passivated emitter & rear cells) & rear passivation layer absorbs low sunlight & scattered or reflected light.
- **TOPCon** – Tunnel oxide passivated contact cells layered with TCO (transparent conductive oxide) & p-doped crystalline silicon layer improves light absorption and efficiency.
